

## Duracoat PVC Tile Glue

---

**Product Description** : Duracoat PVC Tile Glue is based on high quality homopolymer resin fortified with special hard resin. This property enables Duracoat PVC Tile Glue to achieve strong bonding between PVC tiles and the surface.

**Thinning** : Supplied ready for use. No thinning at all recommended

**Cleaning** : Clean all equipment with water immediately.

**Drying Time** : 6 hours

**Coverage** : 4-5 sq. mtr per kg

**Pack Sizes** : 1kg, 4 kg, 20 kg

**Specification for use:** Ensure that the surface is clean, dry and free from dust and grease before application. The glue is applied evenly onto the surface using a trowel. PVC tiles are then pressed immediately on to the glue. This should be done within five minutes after applying the glue. Allow a minimum of 6 hours before subjecting the floor to heavy use.
